

# Annual Report 2010 and Directory

Catholic Missionary Union  
of England and Wales

Creative and compassionate God

You call each and every one of us to co-operate with your plan of salvation.

From the very first moment when your spirit hovered over the deep you saw that 'it was good'.

Yet time and time again we have built barriers, pointed fingers and built up our own kingdoms.

Our calling is deep and personal and will involve stepping out in faith.

Lord and friend, you plan to use us— with all our imperfections and baggage— each time we fall you gently pick us up.

Your Son Jesus taught us the way of peace and wholeness— and reminded us that this gift was intended for all people— rich and poor, famous and forgotten, weak and strong.

We praise you for the missionary societies and congregations who selflessly work for your kingdom here on earth. Give their members grace to be signs of hope in this generation—as in the past.

Pour out your blessings on our missionary endeavours— which are not for our own sake but for your kingdom to come.

Amen

## President's Report

There have been three meetings of the Executive Committee since the last agm: November 2010, March 2011 and June 2011.

At the first of these meetings Fr Joseph Carmazzo MCCJ was invited as a guest. The committee recognised his gifts and abilities and asked him to use them to help the CMU. He agreed to help for as long as was practicable.

The Executive has attempted to carry forward the various projects and visions of the 2010 AGM.

A). Seminary Project: One seminary had expressed a limited interest in a missionary involvement. 2 others have not shown any real interest, but I have spoken with one rector and hope to make a further approach to the other. The fourth seminary has closed during this period.

As we continue our discussions with the seminaries it is now necessary to be able to demonstrate what we are able to offer. I will therefore be distributing questionnaires at this meeting to be taken for provincials, superiors and leadership teams. It is an attempt to assemble a list of personnel currently in England and Wales, who have qualifications and/or experience that would be of use to our seminarians. If this could be returned to me by the end of October. I will make a further approach to the seminaries.

B). New Membership Project. This is in two parts. Contacting and enrolling new members and adapting our constitutions .

The second part, adapting the constitutions will be looked at in the next Executive meeting in November. Fr Pat McGuire SMA is working on the Constitutions to bring to that meeting.

Richard and myself have been making contact with possible new membership groups and we are having slow but definite success. We intend to continue this process over the next 12 months and enable the new groups to elect a representative to the Executive.

C) Mission Alive. Over the last two years the executive has sought to be involved in promoting a greater understanding of mission here in England and Wales. We have approached MISSIO to work together to make October a truly mission month in the Church here. A first step has

been made with the launch of MISSIO Alive on Oct 11<sup>th</sup>. A report on this will be made during the AGM.

At this point I feel we are on the verge of something exciting and wonderful and I must give praise to Richard our Secretary and all the members of the Executive who have taken the bit and really gone with it.

Fr Rob Morland SMA

## Central point of information

The website at [www.cmu.org.uk](http://www.cmu.org.uk) has been thoroughly overhauled and now includes more timely information and a blog. It is now attracting between 50 and 70 unique visitors per day. It is good to see more people linking to it from their own websites— please continue to do that. During the year the CMU published a feature for Mission Sunday in the Universe and had a stand at the cymfed congress of youth ministers in March 2011. Publications such as a 'mission focus' newsletter and this Directory have been produced and serve to improve the CMU's profile.

## Data and statistics

I can now see that 'data' is vital for operating the office on a number of levels.. A good example is the information from members—which in 2011 I have at a far earlier point in the year— meaning it can be sent to Bishops for their Christmas Cards to overseas missionaries.

## Membership coordination

I have been working with Fr Rob on increasing the membership of the CMU. It is a pleasure to welcome the Missionaries of St Paul and Daughters of Divine Love as new members. All suggestions for new members welcome.

It was good to be able to organise the Annual General Meeting in 2010 in the

friendly environment of Fr Rob's community house in Barnet and to bring the meeting out of the capital to Birmingham in 2011.

To have Archbishop Bernard Longley address our AGM is a real vote of confidence in our membership.

## Appeals Rota and strategy for future of appeals

It is becoming both more challenging to encourage parishes to agree to appeals and there are declining numbers of people to do appeals. Parish priests have feedback to the bishops that the number of appeals in the year is too much . Could there be a central pool of speakers who are trained up to do appeals for any of the societies? Are there other ways of working to ensure that societies with differing resources can participate?. Should/could other groups be included on the appeal rota, minimising the number of appeal requests to parish priests?

There also seems to be a need for the CMU to help members to network with one another over managing UK Border Agency processes for your personnel. A welcome to the UK/induction course for overseas missionaries studying or working here will be planned. Also a returned missionary event.

## Annual Parish Mission Appeals

Each year the parish mission appeals raise funds for the members of the CMU Mission Committees—which is spent on their vital work overseas and supporting the congregations/missionary development and promotion at home.

Although 2010 was difficult years in terms of donations (with overall parish appeal income down by over £100,000)—it is important to remember that the annual parish mission appeal is about far more than money. It is the primary opportunity in the Church's year to hear first hand from a missionary—to hear the empowering message that the Church is alive and growing in all four corners of the globe. It is an especially welcomed opportunity to remind people of their baptismal call to be a missionary and present possibilities of taking steps in this direction.

It is commonly agreed by all appealers that the appeal is not to be used primarily to secure long term supporters/donors/magazine subscribers—as this makes it difficult for the society which is appealing in the parish the following year.

Another aspect which CMU members appreciate is the enormous pressure under which parish priests operate—especially the request for appeals from independent charities—which however worthy—are not officially parts of the programme.

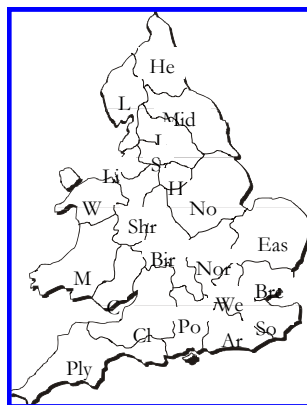

It is a privilege to be able to speak in our parishes and we extend our thanks to the bishops, priests and people of the dioceses

of England & Wales.

All those who appeal under the CMU appeal rota have been reminded via a note from the Bishops in October 2010 of the need to:

“ensure a high standard of appeals; these should be based on the liturgy of the day, well delivered and explain the relevance of mission in today's world.” Equally parishes have been reminded of the straightforward policy “that the appeal is mandatory”

**If you have any queries about the parish mission appeal programme—do not hesitate to contact the Secretariat.**

**Celebrate that mission is  
'alive and well' in the  
Church.**

Join the **mission:alive** campaign as a supporter/partner. This is not limited to CMU members.

Look out for a parish catechesis resource pack in 2012, a global mission Mass in October, a mission:alive innovation award.
